

## IBRASIL – Local Coordination

- **Project coordinator:** Jovane Medina Azevedo
- **Project manager:** Hallen Duarte

### Eligible fields of studies offered at partner university:

- ∞ **Education:** Graduation in Education
- ∞ **Engineering:**
  - ∞ Bachelor and Doctorate in Electrical Engineering;
  - ∞ Bachelor and Doctorate in Mechanical Engineering;
  - ∞ Bachelor and Doctorate in Civil Engineering;
  - ∞ Doctorate in Materials Science;
  - ∞ Bachelor in Production and Systems Eng.

## **Degrees Awarded in the Eligible thematic fields of study at partner university:**

**Education** – Bachelor's Degree (4 years)

**Engineering** – Bachelor's Degree (5 years); PhD (3-4 years)

### **Research in Education and Teacher Training:**

- Education, Communication and Technology;
- History of education.

### **Research Engineering and Technology:**

- Automation Systems;
- Electronic Systems;
- Development Processes and Polymers;
- Ceramics and Bioceramics;
- Composite Materials;
- Simulation Methods Applied Materials;
- Processes and Development of Metals and Alloys;
- Powder Metallurgy;
- Surface Engineering;
- Reuse of Solid Waste;

**Previous experience in Erasmus Mundus:** first time at EM

**Expectations:** Enhance the quality of UDESC higher education through international ties, developing new partnerships and possibilities for students, researchers and administrative staff

## **General information and figures**
